### New Advertisements.

Rice, Broadbent & Co. have a very attractive advertisement in another column. It will be seen from it that they are now receiving their large and elegant stock of fall and winter goods. Believing it to be best for both buyer and seller, they have adopted the cash system. They say they can sell goods 25 per cent. cheaper for cash than on time. The efficient corps of clerks are all very ready to wait on customers.

Walter McComb & Co. advertise this week a superior lot of flour. They guarantee it to be of the very best. Try it.

An election of officers of the Merchants and Laborers' Building Association will be held October 7th.

Polk & Johnson has qualified as Administrator of Mrs. M. R. son's Estate.

### "KERNODDLE" is a new so-diey word. We give it up.

The man that gets away with Butler will have to be p. d. q.

The Methodist Conference meets in this city on the 9th prox.

The new desks of Judge Smith and Judge Lorton are models of beauty and convenience.

The Cooking Club have resolved not to have a meeting until the yellow fever subsides. This is right.

The Peaches Mill property was bought last Saturday by Mrs. Peacher and her son Willie.

An excellent meeting closed at Antioch Church, on Southside on Wednesday night. There were 19 conversions.

A CHAZY negro girl has been wallowing about the blackberry end of Strawberry alley for the past week. She should be looked after by the proper authorities.

MRS. PARTINGTON says that "some people can bathe with impunity in water as cold as that that flows from Greenland's icy mountains, but she prefers it a little tepid."

ALL the Stewards of the Antioch circuit are called to meet at Lowe's store on the first Saturday in October, at eleven o'clock, to transact important business. Let every one be present.

THERE are three sisters living in Washington City who have given birth to forty-six children. "Baby Mine" seems to be intensely popular with some people, also the "Rock of Ages."

"THE BOLD SOBER BOYS" display a considerable seal in drilling on the streets, when the dust is something less than 15 feet deep, and the darkness is thick enough to smother you.

THE two committees didn't "pool their issues" much on Wednesday. The spirit animating politics just now seems to be this:

I know not, I care not if Democracy part, but know that I'll vote for that, whatever the hour.

MESSRS. R. H. WALKER, and H. O. HAMBURG have formed a partnership for the purpose of conducting the tobacco and commission business in New Providence. They are energetic men and we wish them abundant success.

MR. WILLIAM B. GRIFFITH, of District No. 4, of this county, delivered to the Elephant Warehouse this week, a hoghead of new tobacco. We believe this is the third hoghead of new tobacco that has been received this season. It will be sold next Thursday.

Who says Clarksville is not metropolitan? Don't we have horse races, and Crocodrums shooting matches, and aren't we going to have water works, and aren't we going to light the streets, and didn't we have a strike among the brick masons this week? This is none of your one-horse towns.

DR. REDFORD, throwing himself back on his "Christian dignity," exclaims, "I have been a minister of the gospel for forty-one years, and no one shall cast any reflections on me, with impunity." Shades of Beecher, McCrosky & Co. preserve us.

There's blood on the moon.

MR. CHAS. B. FALLENSTEN, senior member of the firm of Falsten & Son, of Bremen, Germany, died in that city on the 3rd inst., of paralysis of the brain. He was in his 62nd year. # EXECUTIVE COMMITTEE.

To The Democratic Voters of Montgomery County.

Whereas, Judge J. E. Rice, Democratic nominee for Representative of Montgomery county has withdrawn from the contest for reasons which were satisfactory to the Executive Committee, it becomes necessary that our party shall call another convention for the purpose of nominating a candidate for the Lower Branch of the Legislature. By order of the Executive Committee a Democratic Convention is hereby called to meet in Clarksville on Monday, the 14th day of October, 1878, for the purpose of nominating a candidate for Representative.

Everybody who stands upon the Democratic platform recently adopted by the Democratic State Convention which met at Nashville on Aug. 15th, 1878, are requested to meet in the respective districts of the county on Saturday, October 12, 1878, and appoint delegates to said County Convention. We would urge upon all who are interested in good government and the success of our party the importance of attending the district meetings and selecting representative men, so that the choice of the county may be nominated.

H. C. MERRITT, Ch'n.  
A. H. MURPHY, Sec'y.

## Music.

We have noticed at Owen & Moore's fine sheet music, both vocal and instrumental, composed by Mr. J. C. McInerney, now Professor of music at the Academy, and organist of Trinity Church. We congratulate both the church and the Academy on the accession of musical culture which they gain by the employment of this gentleman, who is evidently a musician of a high order. One of his pieces now before us, "The Song of the Brook," is a brilliant but not too difficult concert song, in the style of time now so popular for that class of airs; it is written in the key of D flat for a soprano voice, and ranges from C, below the staff, to B above it; very slight alterations might diminish this range considerably and bring it within the compass of average amateur voices, which would make it an effective piece for concerts, etc. Prof. McInerney desires to organize an amateur musical party for the purpose of practicing in concert, and would be glad to confer with any lovers of music who would like to join such a society. We need not say that we should be delighted to see this enterprise succeed as we have been wishing for such a thing ever since we have lived in Clarksville. Ladies and gentlemen, tune up and put yourselves in rapport with the Professor.

City Council.  
We sometimes attend the drills of the Clarksville City Guards, thus indulging in reminiscences of the time we, too, carried the musket in the meadows around Nashville, on warlike aims intent. Though our marching days are over we take much interest in these exercises, and will say that our boys promise to be no whit behind that valiant corps, the "Rock City Guards," in military accomplishment. They have procured their guns and accoutrements, and have been only a week at it, they show much proficiency in the practice of the manual which they have at their fingers ends, and execute with the precision and promptitude of old soldiers. They are a credit to their officers, with Capt. Ed. Howard at their head and orderly Sergeant Christian, as drill master. In addition to these the company desire to express their thanks to Messrs. Loop, Hunter and Weisger, of the Memphis Chickasaw Guards, who have loaned their rifles in that city and given considerable help in instructing our gallant young company.

A QUESTION of interest and importance was discussed at length during the last two days of Circuit Court. In the case of Clarksville vs. L. & N. R. Co., a motion was made to transfer the case from the Montgomery Circuit Court to the United States Circuit Court, on the grounds that the L. & N. R. Co. was a Kentucky corporation, and had a legal existence in Kentucky alone, and that the amount involved was more than five hundred dollars. No resistance was offered to the last ground, but it was earnestly contended by the opposers of the motion that the L. & N. R. Co. was a Tennessee corporation and had a legal existence in this State as well as in Kentucky. The question was ably and learnedly argued pro and con, by Judge Smith and W. M. Daniel of this city, and Col. Ed. Baxter, of Nashville. After summing up the points in the case, the Hon. Judge Stark, decided that his court had no jurisdiction, and consequently the case was transferred to the U. S. Circuit Court.

THE Tennessee Conference will meet in this city on Wednesday, the 9th of October, Bishop Kavanaugh presiding. Our citizens have responded with their usual promptness to the invitation of our Methodist friends to entertain the members of the Conference while here. We hear that there will be a comfortable home furnished for every delegate before his arrival. Wm. B. Stewart.  
"He being dead yet speaketh."

On Tuesday the 24th inst., while the monument of Wm. M. Stewart was being transported to Greenwood Cemetery, it was overtaken by a rough man, but a man who had a tender heart under his homespun coat. Although his home was far away, his irresistible impulse constrained him to stop and lend a hand in handling the monument. We encountered him on his journey home weeping as he went. What is the matter? "I have been strongly reminded of Mr. Stewart to-day. When I was a poor destitute boy he took me up, sent me to school, gave me books—I have twenty of them now—he was the best friend I ever had in all my life." We happen to know of many instances of Mr. Stewart's quiet and unobtrusive beneficence, but we knew nothing of this. Happen we judge, for he never let his left hand know what his right hand was doing.
